MLCP Testimonials

Here are some reflections and learning experiences from MLCP graduates. Read them, be inspired and be set for your own transformation.

I found the brainstorming bi-weekly review and the worksheet most memorable as they gave me the opportunity to share my learnings with like-minded fellows. What stood out most to me are the practical teachings which I have started applying in my everyday life. Personally, this program has informed me on how to be self-aware and pay attention to my disposition towards others, equipping me with guidelines to become the leader God has made me to be. I have noticed significant changes in communicating with others and my ideology about evangelism. I've been able to take a step back, listen attentively, and understand contexts before responding to conversations.

Contrary to my initial thought pattern that the program was for those who wanted to be Pastors, this program is for anyone who is a Leader. If you see yourself in the nearest future being a leader, owning businesses, outfits and being a business mogul; you need this program. This program helps you see the bigger future, reconsider your life and think bigger. It also helps you learn balance in every facet of life. Then it helps you see other aspects to the Kingdom agenda.

I totally loved the reflection sheets. I am re-evaluating my entire life. I was faced with procrastination and distractions. I felt they were really weighing me down and slowing my growth process. I have evaluated every aspect of my life, and I keep going to the reflection sheets to identify areas I have decided to stay committed to. I initially had concerns about keeping track and following through till the end. I just decided to be intentional about every aspect. The facilitators were very engaging and knowledgeable. Yes, I would recommend this program because it helped me to improve the quality of my life.

The course videos and worksheets stood out to me the most. The worksheets provided time to reflect on the lessons learned and how to apply them in real-life situations. This program has helped me both personally and professionally. I am more disciplined than I have ever been, and I have identified areas in my life and leadership that need improvement. I faced challenges balancing my responsibilities as a leader in church, in the marketplace, and as a wife. At times, it felt overwhelming, and I was even unsure if I would be able to complete the program. Through this program, I have grown personally in my walk with God, gained new friends, and developed project management skills. Every leader, regardless of their level, needs to develop their leadership skills.

This course was a profound and empowering experience that sparked deep reflection for me. I truly appreciated how it combined practical leadership skills with deep inner reflection, creating a truly holistic journey over the past 11 weeks. Before enrolling, I struggled to find balance in my life, marriage, and leadership. I often felt overwhelmed and burnt out, constantly questioning my ability to be an effective leader. I also found it difficult to delegate tasks and frequently felt unqualified for the role. I wholeheartedly recommend it to anyone who truly desires to lead a life of impact.
Thank you, PLLI, for this transformative experience.

I enjoyed the prayer session before the course - Ministry of the Word and the Holy Spirit. I also like how some courses had time of worship before we began the lecture. I realised from the Self Discovery class that until you understand and can lead yourself you can't lead others. I felt I wasn't leading my team properly and I wanted to learn how, I needed them to trust me. As the course progressed and I began to implement some of the things I learnt, I have begun to see changes. I now have a clearer understanding of what leadership entails. My relationship with those I lead has drastically improved, because I am able to understand myself and self-regulate. I can now relate with them better.

"I really liked the range of study, from evangelism styles to areas of spiritual growth and their relevance to leadership. The self-reflection coursework made me think deeply about situations and the specific application of the topics covered. Prior to this course I struggled with delegating tasks and feeling overburdened as a leader. I have been able to utilize the knowledge gained on how to work even closer with others by giving them the opportunity to contribute and serve even more. I have learned more about myself and areas of leadership I would like to improve upon."

"I found all the courses in this program excellent. Evangelism, Ministry of the Word & the Holy Spirit, Self-Discovery & Personal Effectiveness, Discipleship & Team building and Spiritual growth & maturity had a profound impact on me. One of the most noticeable improvements has been in my time management. I've gained better clarity on what it truly means to be a disciple. Being part of Group 4 was a highlight; the collaboration and mutual support were exceptional. This program didn't just provide information; it brought transformation. It helped me address real-life challenges and equipped me with tools to lead more effectively."

Ojuolape J. ⭐⭐⭐⭐⭐
Teamlead/Senior Lead Generator and Tech-Sales

"The leadership 101 course stood out to me. It made me realize that I have to invest in myself consistently and continuously as a leader. I have to be authentic and know that leadership is not just about holding a position but about influencing others towards a common goal. Also knowing that my walk with God is more important than my work with God is an eye opener for me.
I have known better how to subject myself to the infilling of the Holy Spirit at every point in time, most especially in the face of failures and weaknesses. I've learnt to delegate and outsource responsibilities to my team according to their strength and not having to overstretch and stress myself out."
